**WHAT PROMPTED YOU  
TO DO THE RACE IN THE  
FIRST PLACE?**

I originally did the race because in my sailing progression I wanted some additional experience (i.e. offshore experience).

**SUGGESTIONS FOR FIRST TIMERS:**

Start preparing this Fall and ask all the questions you want.

**WHAT HAVE YOU MOST ENJOYED ABOUT YOUR MARION BERMUDA RACING EXPERIENCES?**

The race keeps drawing you back due to a combination of things, which include being able to do something that very few people in this world have ever or will ever have the opportunity to participate in or experience. It is the challenge and then the opportunity to be 300 mile offshore on a moonless night and see the Milky Way and the phosphorus of the boat's wake or the sighting of dolphin playing in your bow wake or seeing that first Bermuda long tail after making it through the Gulf Stream. Let's not forget the people both in Marion and especially Bermuda and then there is Bermuda itself.
